

Lifespan Wellness Team
Advisory Meeting
August 10, 2010

Present: Jay Sutcliffe, Kristi Johnson, Jamie Goffena, Sherri Blome

Trail Update

The new trail behind the college will be used for the Middle School and High School Cross Country meets.

Website Update

It was suggested that we put the survey status on the website. Be sure to get all website information to Chuck Kutchara.

Community Survey

Kristi Johnson would like one other committee member to go with her to speak to Rotary. Rotary meets every Thursday. They will explain the Community Survey and ask for volunteers to do 5 surveys each.

Jay Sutcliffe suggested going back on Community Focus to talk about the survey.

Are there any other service groups who might help out?

Next Meeting Agenda

Invitations for the next meeting will be sent to the groups listed below. If you can think of others we are missing let Jay Sutcliffe know. We will share who the Wellness Team is. Ask the group what they envision for our town in regards to wellness and what they contribute to wellness. We will also try to compile a comprehensive list of activities at that time. Many of these groups have representatives who do attend the wellness meetings or have in the past but this list is meant to be comprehensive.
